

Bio Bed Experience by ~~XXXXXXXXXX~~, ARNP

2/7/13 1st Experience: 45 min. session

I arrived at 7 Summit Pathways with severe osteoarthritis in my (R) KNEE. After previously seeing an orthopedic surgeon, I was told that I needed a complete total (R) knee replacement.

For months my (R) KNEE pain radiated up to my (R) hip then to my sciatica NERVE then to my entire lower back causing intense pain to the point that I needed a walker to function on a daily basis.

Within 20-30 min. on being on the Bio Bed I felt pain relief in my (R) knee, hip, sciatica + back. Unbelievable.

I went into a trance like state within 30 min. The vibrations of the bed + sounds of whung music brought me to a wave like sensation, like the ebb + flow of an ocean.

After 45 min, my pain was completely relieved + a sense of well being came over me.

Unrepeatable experience. I have never had this experience before.

2/8/18 2nd Experience: 1 hr 30 min

After 20-30 min, I again felt complete pain relief of my (R) knee, hip, sciatica + back. With the vibrations of the bed + meditation music, I fell into a trance like state of mind.

I experienced a spiritual awakening. I saw Jesus Christ's image as depicted in the Divine Mercy Chaplet. Jesus's light of red, yellow + blue coming from his heart, wrapped his arms around me. He, the son of God said to me: "Everything will be ok, you are safe in my arms. Jesus ^{is} my healing higher power in my recovery of alcohol addiction. I felt at peace.

After 1 hr 15 min, my neck became tense as I drifted off to sleep + turning my head to the (L) side. ~~This~~ This tense pain in my neck caused me to come out of my trance like state and I waited for Benjamin to come back + stop the process on the bed.

My (R) knee, hip, sciatica + back were completely resolved. I felt energized after the spiritual + pain relief I experienced. Amazing! I am a true believer in the Bio Bed.!
